Strumming Pattern:

Performance Notes:

Usually I don't show chords this way. I find it confusing. However, in this case, I liked the way it looked because it really shows you how the transitions work. This is actually a VERY easy version of this AMAZING (and my personal favorite) song because it really allows you to explode with emotion. It's brisk, but try to strum it USING YOUR OWN style first and play along.

I think you'd be surprised, yet again, how confusing using strumming patterns can be. This one shouldn't even have one. It should just be forced by the tempo. However, I still offer a template for you to practice with. Enjoy!
