

Factory Girl – The Rolling Stones

Strumming Pattern: DD, UU, DU

Chords Used:

D: xx0232
Dsus2: xx0230
Dsus4: xx0233
A: x02220

Notes: There isn't really anything in this song that needs to be addressed in terms of lead or overlays. I'm including the D Major scale if you'd like to add some depth to the song. As always, you can throw in some "Keef" or use a little Ron Wood – maybe a slide? Hmmm....

Here are some areas you can play with in this song:

Intro: D (alternate Dsus2 and Dsus4 at times if you'd like)
