

Get Off My Cloud – The Rolling Stones

Strumming Pattern: all downstrokes, basically D, DD over and over. During the chorus it's just slightly different, so try using DDDD over and over.

Chords Used:

E : 022100

A : x02220

B : x2444x

-G#- : (this is just a note, which is: 4xxxxx. It's lightly tossed in after the E)

Notes: There's a LITTLE bit of added guitar here that you can use, but I wasn't really able to do much with it. Ultimately I would say feel free to work with some added embellishments here. I never really heard anything that came through too obviously.
