

Hello Goodbye – The Beatles

Chords Used:

Dm: xx0231

Am: x02210
F: 133211
G: 320033 (or 355433)

Strumming Pattern: Other than the pauses (which you can do mostly anywhere that is comfortable and/or relative to the actual song/video file) it's just a matter of straight eighth note strumming. Feel free to just play all downstrokes. This is a VERY tricky song to sing – at least it was for me.
